### Specifications

|                                    |               |
|------------------------------------|---------------|
| Grinding Range                     | Ø250~850 mm   |
| Teeth Pitch                        | 25 mm         |
| Saw Blade Thickness                | 12 mm         |
| Grinding Speed                     | 10~100        |
| Cutting Angle                      | -5~+15        |
| Grinding Wheel Diameter            | Ø150~180 mm   |
| Grinding Wheel Motor               | 1/2 HP        |
| Transmission Moto                  | 1/2 HP        |
| Grinding Wheel Speed (50Hz / 60Hz) | 3800/4500 rpm |
| Net Weight / Gross Weight          | 260 / 330 KG  |
| Package Size                       | 85x120x180 cm |

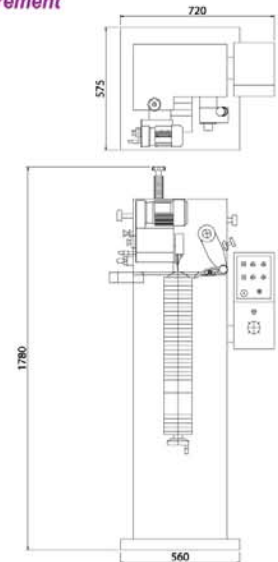

### Standard Accessory

|                    |        |
|--------------------|--------|
| Work Light         | 1 pc   |
| Tool Box           | 1 set  |
| Instruction Manual | 1 copy |
| Guide Plate        | 1 pc   |
| Grinding Wheel     | 5 pcs  |
